

Priya Nair

Data Scientist

priya.nair@email.com | (650) 555-0198 | Palo Alto, CA | github.com/priya-nair

PROFESSIONAL SUMMARY

Data scientist specializing in NLP and deep learning. 5 years of experience deploying ML models at scale. Published researcher with expertise in transformer architectures and recommendation systems.

CORE SKILLS

Python, TensorFlow, PyTorch, Scikit-learn, NLP, SQL, Spark, Airflow, MLflow, A/B Testing, R

PROFESSIONAL EXPERIENCE

Staff Data Scientist AI Innovations Lab	2022 – Present
- Designed NLP pipeline for sentiment analysis (97% accuracy on benchmark) - Deployed recommendation system increasing click-through rate by 28% - Led team of 4 data scientists on real-time fraud detection project	
Data Scientist NextGen Analytics	2019 – 2022
- Built churn prediction model saving \$2.4M annually in customer retention - Created automated reporting dashboards using Python and Tableau	
ML Research Intern Stanford NLP Group	2018
Co-authored paper on document classification published at ACL 2019	

EDUCATION

M.S. Computer Science (ML) – Stanford University (2019)

B.Tech Computer Engineering – IIT Bombay (2017)

CERTIFICATIONS

Google ML Engineer Certified | Deep Learning Specialization (Coursera)
